

The Company can now report recent sales at the Siganto Drive Commercial Land Development. The sales have recently been settled on Lot 3 sold for \$904,605 and Lot 51 sold for \$929,160. These sales continue the company's success in improving sales values over the past 12 to 18 months.

Based on recent sales activity the company feels confident that a sell down of remaining lots will be completed in the 2014/2015 financial year.
